What We Do

Partnering with local Workforce Development Boards (WDBs), SnapIT Solutions offers Workforce Innovation and Opportunity Act (WIOA)-approved training programs to the community. Select graduates are then brought into SnapIT Solutions as apprentices to work alongside others, developing and enhancing their skills. Upon completion of an internship, SnapIT Solutions deploys our new professionals back into the community as practitioners.

Since 2015, SnapIT Solutions has proven the effectiveness of the Workforce Development Programs administered by the U.S. Department of Labor's Employment and Training Administration (ETA). Today, 60% of our Practitioners are graduates of our training programs and internships.
