NEW YORK, August 16, 2022 – Today, Inc. revealed that SnapIT Solutions® is No. 1266 on its annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in America. SnapIT® also ranked No. 70 in the IT Industry and No. 16 in Kansas City. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"The news that SnapIT was not only in the Inc 5000 fastest growing companies in US but ranked No. 1266 over all and No. 70 for the IT Industry made us stop and reflect on what we had to do to take on challenges that were nowhere in our radar." said Neelima Parasker, Founder and CEO, SnapIT Solutions.®

The companies on the 2022 Inc. 5000 have not only been successful, but have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of Covid-19. Among the top 500, the average median three-year revenue growth rate soared to 2,144 percent. Together, those companies added more than 68,394 jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

“The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated,” says Scott Omelianuk, editor-in-chief of Inc. “Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today.”

“We are proud of our accomplishment,” says Neelima Parasker. “We will continue to strive in pushing the boundaries of success and not let adversities define our reach in expanding to our full potential.”

More about *Inc.* and the Inc. 5000

Methodology

Companies on the 2022 Inc. 5000 are ranked according to percentage revenue growth from 2018 to 2021. To qualify, companies must have been founded and generating revenue by March 31, 2018. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2021. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2018 is \$100,000; the minimum for 2021 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places. The top 500 companies on the Inc. 5000 are featured in *Inc.* magazine's September issue. The entire Inc. 5000 can be found at <http://www.inc.com/inc5000>.
